The minimum wage system guarantees the minimum amount of pay for all workers!

It applies to all workers, including part-time workers and student workers, regardless of their age and working hours.

How do I check whether my pay meets the minimum wage?

Convert your pay^(*) to an equivalent hourly wage and compare it with the minimum wage.

Calculation methods

Fill in your salary and the applicable minimum wage in your prefecture.⁽⁺²⁾

1 For hourly pay

$$\begin{array}{|c|} \hline \text{Your hourly pay} \\ \hline \text{¥} \\ \hline \end{array} \geq \begin{array}{|c|} \hline \text{The minimum wage (hourly rate)} \\ \hline \text{¥} \\ \hline \end{array}$$

2 For daily pay

$$\begin{array}{|c|} \hline \text{Your daily pay} \\ \hline \text{¥} \\ \hline \end{array} \div \begin{array}{|c|} \hline \text{Average scheduled working hours per day} \\ \hline \text{hours} \\ \hline \end{array} = \begin{array}{|c|} \hline \text{Your hourly rate} \\ \hline \text{¥} \\ \hline \end{array} \geq \begin{array}{|c|} \hline \text{The minimum wage (hourly rate)} \\ \hline \text{¥} \\ \hline \end{array}$$

3 For monthly pay

$$\begin{array}{|c|} \hline \text{Your monthly pay} \\ \hline \text{¥} \\ \hline \end{array} \div \begin{array}{|c|} \hline \text{Average scheduled working hours per month} \\ \hline \text{hours} \\ \hline \end{array} = \begin{array}{|c|} \hline \text{Your hourly rate} \\ \hline \text{¥} \\ \hline \end{array} \geq \begin{array}{|c|} \hline \text{The minimum wage (hourly rate)} \\ \hline \text{¥} \\ \hline \end{array}$$

4 If your pay is calculated by a combination of 1, 2 or 3 above

For example, if your basic pay is paid daily and benefits (such as a duty allowance) are paid monthly

- ① Basic pay (daily pay) → Calculate the hourly rate using method 2
- ② Benefits (monthly pay) → Calculate the hourly rate using method 3
- ③ Total amount of ① and ② ≥ the minimum wage (hourly rate)

^(*) The following forms of pay are not considered when you compare your pay with the minimum wage.

- ① Wages paid in special circumstances (marriage allowance, etc.)
- ② Wages paid covering a period of more than one month (bonuses, etc.)
- ③ Wages for work that exceeds scheduled working hours (premium pay for overtime work, etc.)
- ④ Wages for work other than scheduled working days (premium pay for work on a statutory day off, etc.)
- ⑤ Of the wages paid for time worked between 10 p.m. and 5 a.m., the portion that exceeds pay for normal working hours (premium pay for night work, etc.)
- ⑥ Perfect attendance allowances, commuting allowances, and family allowances

⁽⁺²⁾ For more detailed calculation methods and calculation methods including commission, consult your local Labour Bureau or Labour Standards Inspections Office.

Confirm that the pay is enough.
